In a New Home.

Mr. Robert Campbell, who has conducted an undertaking establishment with much success at 340 F street S. W., has moved to his new home, 348 Second street S. W., Makinsey Scott's old place. This place has been remodeled and modern improvements added, which makes it one of the best undertaking places in the city. Mr. Campbell has spared no pains or expense to make this his new home attractive and convenient in every way. He has built a new stable in the rear of his house, equipped with elevators and telephone connections. There are four telephones, two in the stable and two in the house. So it can be seen that this young business man, who has been so successful in this particular line, is fully prepared to give the public quick and satisfactory service. Robert Campbell's success is an example and an inspiration to the young colored man in Washington who is willing to work for success.

NATIONAL TRAINING SCHOOL
Closing Exercises and Trustee Meeting

The closing exercises of the National Training School for Women and Girls, Miss Nannie H. Burroughs, president, Lincoln Heights, D. C., were brought to a close Friday, May 20th.

During the week, there was a continual stream of visitors coming from the states and from abroad, visiting the institution that has for its object, the training of women and girls to give the very best service to God and Humanity.

The oration by the students were excellent and it is evident that they are receiving thorough training. The Rev. Chas. S. Morris of New York, delivered the annual sermon and the literary address. Trustees from the states were in attendance, and delivered addresses.

There are no graduates this year, but judging from the work done by students in the advance classes—industrial, literary and missionary, there will be some sheep skin given out next year.

Aside from the closing exercises, the most important event during the week, was the meeting of the trustee board, held on Friday, May 20. And it was its first annual meeting, since the institution has been in operation. The board commended the president and faculty for the splendid work done, but laid plans for the enlargement of the work next year. It realized that the present building

and equipments are inadequate and that steps must be taken immediately to provide ample accommodation for the students. Dr. E. C. Morris, president of the Convention, urged the trustees to call upon the denomination for fifty thousand dollars with which to erect a building that will do credit to the three million Baptists who have nowhere in the world an institution for the training of its women, and a committee was appointed to devise ways and means of meeting the urgent demand for another building.

PARLOR SOCIAL CLUB

To my friends and the public in general:

It is with pleasure that I take this opportunity to inform you that the books of the Independent Steamboat and Barge Company are now open for charters for Excursions during the coming season, and it will be to your interest to call at once and secure the most desirable dates.

Our terms are most liberal and charters can be made for Washington Park and Somerset Beach

To which place we have the exclusive excursion rights as well as Mathias Point, Rock Point, Norfolk, White City, Richmond, Baltimore and all points on the Potomac River and Chesapeake Bay

Our facilities for chartering parties are unsurpassed in every respect. Our large covered wharf (used exclusively for our excursion business) enables us to give you most modern and up-to-date service. No crowding, no exposure and our schedule between Washington and Washington Park does away with the long and tiresome waiting for the steamers.

Before the construction of Washington Park absolutely no place of recreation was afforded the people of our race, and I proudly point to the fact that I have fulfilled the demands of the people in every respect.

You have one of the best and most modernly improved resorts in this part of the country. Washington Park with its myriads of electric lights, mammoth scenic railway, huge carroussel, dance hall and numerous smaller amusement devices is surpassed in point of natural beauty and modern equipment by no resort south of New York.

By perseverance and enormous cash outlay I have done this, and now I ask you to show me that I have your hearty support by calling at once and making charters for the coming season.

Yours for pleasure and comfort,
Lewis Jefferson. 1910 First Street, S. W.
